STEM- Inspired FUN Field Trips

The Bounce Factory, Bricks 4 Kidz of Hunterdon Somerset and Team Makers of North Jersey have combined to create a unique and exciting Field Trip for students in grades 1 st – 8th. It integrates STEM learning with fun, hands on activities that will focus on Science, Engineering and Math concepts.

The students will:

- Build motorized models with LEGO® bricks and discuss engineering and physics principals
- Enter the Bounce rooms for activities that will set in motion discussions of how physics impacts their play
- Learn about Math and Science concepts while playing integrative teambuilding activities that build their skills and promote working together
- Learn strategy and the power of collaboration while playing laser tag in a state of the art facility

The Bounce Factory

The Bounce Factory is a unique family fun center located in Central New Jersey with two rooms of giant inflatables including our "velcro wall" and 2 story laser tag arena.

Team Makers of North Jersey

Team Makers of North Jersey offers fun experiences that equip students with the skills needed for success in life.

Bricks 4 Kidz of Hunterdon Somerset

Offers enrichment programs that use building with LEGO® bricks to promote S.T.E.M. learning.

The 2.5 to 4 hour field trip ends with discussion and quizzes on what they have learned. Our integrative program is a combination of three impactful companies, who have partnered to bring a unique and exciting event that is educational and a very fun experience the students will not forget.
